Spring 2014

According to KRS 156.400 (3), the chief state school officer may delay the purchase of textbooks due to insufficient funds. Due to the inadequate amount allocated for textbooks in the current state budget, the textbook cycle will be delayed until sufficient funds are in place to continue the process.

Kentucky Textbook Adoption Updates

The Kentucky State Textbook Commission met in March and approved substitutions for items currently on the State Multiple List (see below). Both the originally approved item and the approved substitution will be available during the contract period for the same price.
